

ANOTHER WORLD

J.Emmert, J.Dubiel, M.Naethbohm (1974, 1996)

Four light years away from here
New beginning or old human face
Adam and Eve again

Only you can change the world
But first take a look at yourself

Brave new, old world
Seems rivers head the ocean too
Lonely island without future

Only you can change the world
But first take a look at yourself

Tickets pop up in one meter distance
Shouting protest against yourself
Talking peace, thinking suppression

Only you can change the world
But first take a look at yourself
