

HER, HIM & ME

M.Doerr, J.Emmert (1997)

Be gentle to your heart, and let all things out, you wanna say
to her, to him, to me.

Be kind to your mind, and let all things in, you wanna think
'bout her, 'bout him, 'bout me.

Chorus:

This is the only way
to become clearer,
'cos anonymous ghosts,
they 're watching you
and creaping into your brain.

This is the only way,
the only way to get closer
to a physical health
and mental power
to feel in sane.

Be careful, it's yourself! Don't let your soul beaten down,
by her, by him, by me.

Be angry with your eyes, don't let them see only the best,
in her, in him, in me.

Chorus:

This is the only way
to become clearer,
'cos anonymous ghosts,
they 're watching you
and creaping into your brain.

This is the only way,
the only way to get closer
to a physical health
and mental power
to feel in sane.

Bridge:

Free from hiding!
Free from crying!
Don't be anxious
to believe in your heart.

Be lenient, if you don't understand all the things you wanna do
with her, with him, with me.

Be happy about your life, don't let it fall down on the ground,
'cos of her, of him, of me.

Chorus:

This is the only way
to become clearer,
'cos anonymous ghosts,
they 're watching you
and creeping into your brain.

This is the only way,
the only way to get closer
to a physical health
and mental power
to feel in sane.
