

UN (CIRCLE OF FACES)

M.Doerr, V.Emmert (1996)

I was one of those unfortunates
a tragic hero
a baptized zero
but now a circle of faces is looking down at me
to catch as much as there's to see.

I was one of those unimportant
an inferior to the crown
just a little children's clown
but now a circle of faces is watching
at food to chat about, they're just clutching.

I felt so unfriended
but never unfrequented.
I was a bit unhandy
but never too unhappy.
Just a little piece of ungracefulness
but not a trace of ungratefulness.
I was slightly unamenable
but nowise unassailable.

I know, I will be rotten to the core
but I know, I won't be forgotten any more.
