

WINDY ISLAND (FUERTEVENTURA)

M.Doerr, V.Emmert, D.Doerfel (1996)

In the end of the night
I'm walking alone
Through the shine of the moon.
In the sky I can see the stars so bright,
Almost all unknown.
But I know, it will be morning soon,
And I have to say goodbye.

Chorus:

Windy Island, I will miss you!
Windy Island, don't wanna go away!
Far away from all those troubles
I'd like to stay!

During this time till sunrise
I see that girl once more,
Standing restless on the cliffs.
I take a look in her wonderful eyes,
Embrace her on the shore,
And give her a last kiss.
I know, I have to say goodbye.

Chorus:

Windy Island, I will miss you!
Windy Island, don't wanna go away!
Far away from all those troubles
I'd like to stay!

I feel pain in my heart,
When I see the tears
Slowly running down her face.
We both know, we can never be apart;
Let's pray, and hope God hears.
And again we do embrace.
We know, we have to say goodbye.

Chorus:

Windy Island, we will miss you!
Windy Island, don't wanna go away!
We both together in this paradise,
We'd like to stay!
But we know, we have to go away.
